To AF and Sons,

Michael and I wanted to thank you for the wonderful renovation job you did in our home. Our new kitchen is spectacular! We greatly appreciate the level of craftsmanship that went into our renovation. We cannot recommend AF and Sons highly enough to anyone considering a renovation. The work was completed in a timely, neat and organized fashion. We were also blown away by the temporary kitchen you were able to construct in our home so that our family was able to stay and live quite comfortably given the amount of work going on around us.

When we do our next renovation project, AF and Sons will be the first people we call. Again, thank- you for the great job.

Sincerely,

Mary Roth
